

Our occupational health and wellbeing strategy

"We can demonstrate control of health risks"

W Workplace – we will do you no harm

Did you know
Five times more lost working days are due to work related ill health than injury in the UK.

Our focus is...
workplace, worker and wellbeing

Safer, Healthier, Happier... employees supply chain partners

...is to preserve, protect and promote the health and wellbeing of our employees so they can be 'the best they can be'.

"More people in work to help Skanska UK achieve its goals"

W Worker – ready for work?

Did you know
more than 2000 people a year require a specific health assessment or need specific adjustments or equipment to enable them to do their job?

"Healthier employees carry fewer health risks, are more engaged and flourish in their careers"

W Wellbeing – your recipe for life

Did you know
that our average lifestyle age in Skanska is nearly five years older than we really are. What can you do about it?
